Our Shampoos

We select the shampoos we use based on your dog's coat, but if you'd like us to use a specific one such as a medicated one, you are welcome to bring it with you.

Our Treats

We use treats as part of our positive-based grooming methods. If you would like to bring treats with you for us to use instead, you are very welcome to.

Prices are a base price, assuming good coat condition, no severe matting, your dog tolerating grooming etc. Though we find these prices are generally what you should expect, if you are concerned your dog does have matting for example and you'd like a personal quote please phone or message and we'll help!
